ABN 43 001 066 253

21 December 2020

The Club has been advised by NSW Health that an individual who tested positive for COVID-19 dined with us on Saturday, 12 December between 12pm and 2:30pm.

NSW Health has advised if you were at the Club at this time to self-isolate and get tested:

- immediately self-isolate until 14 days after you were last there and get tested even if you have no symptoms
- watch for COVID-19 symptoms and get retested should any symptoms recur
- even if you get a negative test, you must stay in isolation for 14 days as it can take 14 days before you may show symptoms or test positive.

We have followed all advice of NSW Health regarding the safety of staff and guests, including providing them with contact details of individuals who were in the venue so that they can contact them in accordance with NSW Government's contact tracing requirements.

The Club will undergo a professional COVID deep clean starting tonight and at this stage reopen later this week pending changes to the current Public Health Order.

NSW Health's advice can be found here:- <https://www.nsw.gov.au/covid-19/latest-news-and-updates#latest-covid-19-case-locations-in-nsw>

We thank you for your continued support and understanding during this difficult time and hope to see you back at the Club soon.

Stay safe.

Regards,
Matt Hazell
Secretary Manager
